I have chosen to run my campaign as a traditionally financed candidate. It felt hypocritical to reduce our tax burden and then turn around and take your hard earned tax payer dollars to run my campaign as a publicly financed candidate. With all the new campaign laws, the most anyone can donate to my campaign is capped at \$250 per election cycle. So I do not feel that I will be beholden to any one contributor. I promise to work hard to earn your support and vote come November 4th, 2008. Right now, I need your financial help in order to campaign and win on Election Day!

Here is a contribution form that you can print out and mail back. I am also interested in your volunteer support, including endorsements, letters to the editors and placement of lawn signs. I need all your help to win.

Thank YOU for your consideration!

Meredith, you can count on my support!

Please make checks payable to the "Meredith for Maine Committee".
